One local step at a time, a long way from the start

seed - iron phthalocyanine
0.42 eV

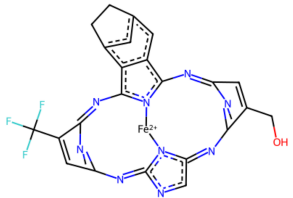

-->
Tanimoto
0.19

round 7 winner
1.44 eV

-->
Tanimoto
0.65

round 8 winner
2.59 eV

The final step is local (0.65 from its parent) and worth +1.15 eV. The destination is not: 0.19 from the seed.
